## WOMAN BADLY HURT; PINNED AGAINST TREE BY CAR ON 4TH

Mrs. Jean Sanders, 43, wife of David A. Sanders, Fairfield R. 1, was seriously injured Saturday morning about 10 o'clock when an auto pinned her against a tree at a picnic being held in an orchard on Jack's Mountain, near Fairfield.

Also injured was her daughter, Trudy Sanders, 9, who was also struck by the car.

Mrs. Sanders, a laboratory employee at the Warner Hospital, suffered extensive injuries to her right leg and hand, and a finger was amputated from that hand. Attempts are being made to save the leg from amputation.

**Pinned Against Tree**  
Mr. and Mrs. Sanders and their daughter and Mr. and Mrs. John Beard, Fairfield, and members of their family had breakfasted at the site. Mrs. Sanders and her daughter and a daughter of the Beard family were planning to drive to Fairfield for additional food for lunch when the accident occurred.

The car was being turned and Mrs. Sanders and Trudy were walking near the auto. The driver was reported to have pushed the accelerator instead of the brake and pinned Mrs. Sanders between a tree and the car, smashing her leg. She had apparently realized what was about to happen and instinctively reached down with her hand to ward off the car, and it too, was caught. Trudy was struck by the bumper and suffered a cut on the hip and injuries to the pelvis. She was treated at the hospital and returned to her home. The driver was not identified.

**Sunshine Trail Crash**  
The accident was one of a number occurring over the weekend. State police were called Saturday afternoon at 4:45 o'clock when two cars collided on the Sunshine Trail at the Blue Ridge Sports.

## Traffic Toll For Holiday Lower Than Was Expected

By THE ASSOCIATED PRESS  
Traffic \_\_\_\_\_ 271  
Drownings \_\_\_\_\_ 178  
Miscellaneous \_\_\_\_\_ 64  
Total \_\_\_\_\_ 513

The nation's Fourth of July traffic cost 271 lives during the extended 54-hour weekend.

It was deadlier than the last two-day Fourth—that of 1953 when a record 262 highway deaths were counted. But this year's toll fell far short of the National Safety Council's pre-holiday estimate of 350.

Accidents killed 513 Americans in all during the Independence Day weekend. Besides the 271 highway deaths there were 178 drownings and 64 deaths in other types of accidents including plane crashes, falls, fires and gun accidents.

**"Proud Record"**  
The count began at 6 p.m. (local time) Friday, with the start of the after-work vacation trip departures, and ended at midnight Sunday.

The traffic death record of the weekend just past was termed by a safety council official a proud one for motorists and law enforcement officers.

"It shows the effects of thoughtful driving by motorists and vigorous protective enforcement of traffic laws by police authorities on an emergency basis," the council spokesman said.

**Lower Than Non-holidays**  
He said the number of highway deaths was held down although there were nine million more cars on the roads this weekend than during the 1953 Fourth holiday, as they traveled 25 per cent more miles.

Both the traffic deaths and drownings over the holiday were higher than the number reported in a recent non-holiday weekend.

An Associated Press survey for the 54-hour period June 20-21 showed 240 traffic fatalities and 70 drownings.

Traffic deaths during the first five months this year averaged 92 a day.

## 'EMERGENCY' GIFTS SOUGHT FOR LIBRARY

With library finances rapidly reaching more critical stages, members of the board of directors of the Adams County Free Library at their July meeting Friday evening planned emergency appeals for cash donations to the library to keep it operating until long-range financing plans can go into operation.

The long-range plan was decided upon a month ago — to ask the people of the county to approve one mill of county tax for library support.

Petitions are being prepared, and were shown to the board Friday night, asking the county commissioners to put the tax question on the general election ballots in November. Soon representatives of the library will be seeking county signatures on those petitions. At least 540 will be required.

## Hold Up Some Bills

The directors Friday night approved payment of bills, including payrolls and some book bills that had been held up for a month or more, totaling about \$2,050 but left unpaid more than \$600 in other bills not pressing for payment. After the approved bills are paid, the library will have about \$900 on hand.

The largest sums in the July bills were \$639 in a quarterly payment to the Internal Revenue Service and \$312 to the Gettysburg National Bank in a regular payment of mortgage interest and a small payment on the principal.

The prospect of cutting book purchases below the budgeted \$5,000 or reducing hours of operation of the library were mentioned as possible emergency steps unless about \$4,000 can be raised through gifts to the library, board members said. Expenses for the first half of the year totaled \$10,394 with \$2,160 of it going for new books. Salaries for the staff, which directors have described as "short and underpaid," came to \$6,106 in the first six months. Most of the other expenses have been for operation and maintenance of the library property and the bookmobile service.

**Expected Income Short**  
Expected income for the library for the remainder of the year includes \$2,333 from the state but its arrival date was described as "very uncertain." \$1,675 from the county, \$1,680 from the Community Chest, \$1,000 from Gettysburg borough and \$500 from fines. These total \$7,188 while budgeted income is \$10,000.

## DAMAGE LOCK ON CATHOLIC CHURCH DOOR

An unsuccessful attempt was made late Sunday night or early this morning to force the lock on the front door of St. Francis Xavier Catholic Church on W. High St.

Chief of Police Jack Bartlett said the would-be burglar did not succeed but damaged the lock on the door so badly that it will have to be replaced.

The police chief said there have been several reports of prowlers in and around the church in recent months. In one instance, some one apparently had hidden in the church and then had prowled through the edifice and tampered with coin boxes. On that occasion the prowler had apparently left by opening a door from within the church for it was found open the next morning with no evidence of entrance having been forced.

There have been other instances in which prowlers were noted or suspected there and Chief Bartlett urged that nocturnal prowlers in the neighborhood be reported promptly to the police.

The borough officers are continuing their investigation of Sunday night's damage.

## FANTASYLAND IS NAMED IN EQUITY ACTION

LeRoy and Esther W. Appgar, Gettysburg R. 3, today brought an equity suit against Fantasyland Inc., claiming violation of restrictions in the deed given to the Fantasyland organization at its park being constructed along the Taneytown Rd.

Mr. and Mrs. Appgar, who sold their property to Fantasyland for \$21,000, ask an injunction against Fantasyland Inc., to prevent Fantasyland from using a driveway it opened near the former Appgar House, ask an injunction to force them to remove utility poles and to keep Fantasyland from using the barn on the former Appgar property as a place for storing and constructing articles for the Fantasyland project.

According to the complaint filed for Mr. and Mrs. W. Appgar by Attorney Donald M. Swope, Fantasyland has constructed a driveway over restricted land and possibly on land which was retained by the Appgars as future building lots; has placed a sign stating "Open July 18th" which the Appgars claim is in violation of the restriction against commercialism on that portion of land; have placed utility lines which the Appgars hold are detrimental to their building lots; and have used the barn for storage and construction in violation of a restriction which provides it shall be used for no commercial enterprises except for the housing of ponies to be used at Fantasyland.

The deed does restrict use of land along the Taneytown Rd. to only residential use for a depth of 12.72 perches but does provide for an entrance of a 50-foot roadway "along the eleventh course of land." Another restriction pertains to the former Appgar property itself and provides that the barn shall be used for no commercial enterprises "except the housing of ponies."

Deeds have been filed in the office of the register and recorder for the following property transfers:

Godfrey Mehning to Glenn E. and Jean E. Simpson, all of Gettysburg R. 4, property in Straban Twp., \$500.

## PROGRAMS ON 'FIELD MARK' ANNIVERSARY

A series of programs during the period July 1 through 3 commemorated the 96th anniversary of the Battle of Gettysburg.

The events Friday, July 3, began with a guard mount at the High Water Mark from 3 to 4 o'clock conducted by the Gettysburg Camp of the Sons of Union Veterans. More than 100 tourists halted during the guard mount to take pictures of the group and watch the men in Civil War garb marching there.

Friday evening the story of the 14th Connecticut was told at its marker dedicated 75 years ago along Hancock Ave., near the Angle. One hundred of the survivors of the 14th Connecticut were present 75 years ago when the marker was placed. The unit formed at Bridgeport, Conn., August 25, 1862, fought at Antietam, Fredericksburg, Gettysburg and 34 other battles of the Civil War. It began with 1,015 members, was down to 160 when it reached Gettysburg and 64 of that number were casualties here. The unit captured the Bliss House on the morning of July 3, 1863, and then burned it on orders before returning to the Union lines. It helped repel Pickett's charge and captured five battle flags and more than 200 Confederate prisoners during the charge.

## RESERVE UNIT BREAKS CAMP

Company D, Gettysburg Reserve Unit, part of the 1st Battle Group has returned home after spending a two-week training period at Indiantown Gap. The unit left on June 20 and returned Saturday.

The Gettysburg unit was part of the reserve division that established many firsts during its training. The 79th Division, as it is known, is the first reserve unit in the United States to ever completely reorganize. Rigid concept training was used for the first time. This is the change from the old battalion into the new battle group. The 1st Battle Group, 313th Infantry, 79th Division, was the first to make a motor convoy in Army Reserve history.

Gettysburg's Co. D was runner-up as the best company at Indiantown. Carlisle's Co. C was the winner.

Officers of the local unit at camp were: Company Commander, 1st Lieut. Robert Black; executive officer, 1st Lieut. William Troxel; 1st rifle platoon leader and training officer, 2nd Lieut. John D. Bream; 2nd rifle platoon leader, 2nd Lieut. Richard Darr; and weapons platoon leader, 1st Lieut. Belford Thompson.

Approximately 300 men took part in the "charge" Sunday at 3:45 o'clock in a re-enactment staged under sponsorship of the Gettysburg Civil War Round Table and the Gettysburg Travel Council as the closing event of the observance of the 96th Anniversary of the Battle of Gettysburg.

Participating in the Charge were members of North-South Skirmish Association units from New York, Virginia, Ohio and Pennsylvania, and members of the local Howitzer Company of the Pennsylvania National Guard.

**Scouts Also Serve**  
Repelling the Confederate charge were units of the North-South Skirmish Association from Philadelphia, New York City and Company K of Gettysburg and members of the Sons of Union Veterans from Gettysburg, Carlisle, Harrisburg, New Oxford, Duncannon and other sections of Pennsylvania and New York. A few Gettysburg College students and local men also fought as Union troops for the occasion.

Dr. Robert Bloom, professor of history at Gettysburg College, was the narrator.

Spectators arrived before noon to witness the pageant which began at 3 o'clock. Boy Scouts and Explorers held the crowd in check behind 2,300 feet of rope extending from the stone wall below the High Water mark to the avenue and then along Hancock Avenue to the Meade statue. Other spectators lined the stone wall and wooden fence from Hancock Avenue to the Emmitsburg Rd. along the north side of the area where the re-enactment was to take place. Other hundreds lined the fence along the Emmitsburg Rd. west of the re-enactment.

**High School Band Plays**  
Approximately 200 were at the North Carolina marker on W. Confederate Ave. watching the firing of the Confederate cannon there and using binoculars to observe the proceedings at the Angle.

The program opened with the playing of a march by the Gettysburg High School Band under the direction of Robert Zeigler. During Dr. Bloom's narration of the events preceding the charge, the band played "Dixie," honoring the south, and the "Battle Hymn of the Republic," honoring the North.

Before an estimated 8,000 spectators, "Pickett's men" again advanced on the stone wall at the "Angle" Sunday afternoon and sent the Union Forces reeling back briefly before the Confederate charge failed and fell back.

Approximately 300 men took part in the "charge" Sunday at 3:45 o'clock in a re-enactment staged under sponsorship of the Gettysburg Civil War Round Table and the Gettysburg Travel Council as the closing event of the observance of the 96th Anniversary of the Battle of Gettysburg.

Participating in the Charge were members of North-South Skirmish Association units from New York, Virginia, Ohio and Pennsylvania, and members of the local Howitzer Company of the Pennsylvania National Guard.

eted expense for the second half of the year comes to about \$12,000. President C. P. Keefe presided at Friday's meeting and said the executive committee is making plans for the fall campaign to win county-wide approval of the tax support program for the library.

The emergency finance appeal is being handled by the Finance committee headed by Co-chairmen Thomas Pyle and Frank Hewetson.

### Circulation Keeps Rising

The monthly financial report showed the library in the last month received \$2,076, including a \$1,675 payment from the county commissioners, \$75 from the Fairfield Joint School System, \$105 in fines and replacements, \$100 from the county tuberculosis society, \$110 from President C. P. Keefe and \$10 for memorial books from Mr. and Mrs. Dean Asquith and Kenneth G. Reinhart Jr. Mrs. Mary S. Wilson, the librarian, also reported \$292 received from the Lower Adams Joint School district.

The monthly circulation report from Mrs. Wilson showed main library circulation last month was about 500 above the same month last year. The June total of 5,165 loans there compared with 4,612 a year ago and Mrs. Wilson pointed out that for the first time since the library opened the adult loans topped juveniles there. Total loans last month were 6,143. Mrs. Wilson said the library staff has been "rushed" and the volume of summer loans this year "phenomenal." She reported a gift book as a memorial to Caroline Buehler.

### May Meet in August

In connection with discussion of future library plans with the Elsie Singmaster Memorial committee, the board voted to employ Keith Doms, Pittsburgh, assistant Carnegie librarian there and building consultant for the American Library Association, to make a study of the library building and services here in consultation with an architect. Board members said such an expert "should have been consulted long ago."

Plans were made for a library display at the South Mountain Fair and for a meeting of the executive committee of the library board on Thursday of this week. The possibility of holding an August board meeting was discussed. No meeting is ordinarily held by the board in August. The next regular meeting will be September 4.

In addition to President Keefe and Mrs. Wilson, who is board secretary, these directors attended: Attorney Donald Z. Oyley, Dr. Hewetson, Allen S. Stauffer, the Rev. Amos D. Meyers, Attorney Pyle and Don Becker.

## Local Skit

(Continued From Page 1)

Wisconsin, Georgia and Kentucky.

Friday was spent in making new friends and "swapping" articles made by girls and typical of the regions from which they came.

At 7:30 Friday evening, a giant star shaped camp fire was lighted. Points of the star symbolized frontiers of the round-up and gave tribute to those who helped make it possible. The first point lighted was in thanks to Dr. Kenneth Cogswell and R. E. Johnson who loaned land for the camp site; the second point was for parents, teachers, leaders, civic and military organizations who assisted; the third to recognize local, state and federal aid. Girl and Boy Scout adults were represented by the fourth fire, and the fifth was for peace and justice for all men.

Select Local Skit  
A patrol from Alaska presented a new 49-star flag to Mrs. Charles U. Culmer, president of the Girl Scouts of America. A Hawaiian group presented a star in anticipation of Hawaii's admission to the union.

## DIES FROM POLIO

PITTSBURGH (AP) — Richard Dampman, 25, of Lansdowne, Pa., died Sunday, the apparent victim of polio. Dampman was a metallurgy student at the U.S. Steel Corp.

He said before his death he had never taken the series of anti-polio vaccine shots.

In Case Anyone Forgot,  
London Recalls Gettysburg

LONDON, July 3 (AP) — Some folks in these parts haven't forgotten the American Civil War—over now these 94 years.

And they don't want anyone else to forget it, either. They put a classified ad in the London Times in memorial column today.

It read:

"American Civil War, 1861-65—Stranger! Pause! 96 years ago today was fought on the hills without a small town in Pennsylvania one of the Decisive Battles of the world—the desperate and momentous Battle of Gettysburg.

"Few Realize Import"

"Even today feel realize the historic import of this titanic struggle, nor hear the thunder of that artillery which yet drums upon the ear.

"Fought on July 1, 2 and 3, 1863, this battle decided not only the fate of North America, but also, and ultimately, that of Europe—for it decided the Balance of Power between the Old World

and the New, and thus the outcome of World Wars I and II.

"Hence, Stranger, pause now and ponder—it affects you! That battle and its soldiers—remember it, remember them; for, across ninety-odd years, to them and to it, your fate is linked!

Pickett's Charge Crisis

"The crisis of this battle, 'high tide at Gettysburg,' culminated in the famous Pickett's Charge at about 4 p.m. on July 3, 1863.

"Thereafter the Federal (Northern) Army marched on to victory, the Confederate (Southern) to defeat.

"Trumpeter! Sound!"

The ad was inserted by an organization calling itself "The Company of Memories."

At the Times offices, the advertising staff declined to give any information about "The Company of Memories."

At the United States Embassy in London, no one knew whether the company is British or American.

near Devil's Den following the 14th Connecticut program. The 124th was also dedicated 75 years ago.

National Park Superintendent James Myers was the speaker at the 124th New York, telling of the valor of the "Orange Blossoms," so called because they came from Orange County, New York. The 124th went into action near Devil's Den with 18 officers and 220 men. It lost seven officers and 85 men in the fighting there.

## Most Tragic Chapter

Superintendent Myers told about the fighting here as described in a diary of one of the members of the 124th. The commanding officer of the unit, Col. A. V. H. Ellis, was killed near Devil's Den during the fighting. "Most tragic" part of the history of the 124th was its decimation in a skirmish a few hours before the surrender of Lee's troops at Appomattox in 1865. Myers said, "It was like the men who were killed one minute before 11 o'clock on November 11, 1918, when the Armistice was signed. It seemed such a tragic waste. The war was almost over when the 124th suffered its final losses."

Thursday afternoon Dr. Frederick Tilberg was speaker at a program held at the Fifth Corps marker on the slope of Little Round Top honoring General George Sykes, the Fifth Corps commander. Terming Sykes "one of the outstanding soldiers here," he described his early military history. A grandson of a governor of Delaware, General Sykes was a graduate of West Point. He was sent immediately into action in the Indian wars. He fought bravely with the Fifth Corps as its commander and was described as "an excellent defensive general," his duty when the Fifth Corps helped stave off the Confederacy on July 2, 1863. Later, when the Fifth Corps disbanded he was placed in charge

He served in the Navy 33 years.

## YORK BOY DROWNS

LARGE MOUTH  
BASS STOCKED  
IN FARM PONDS

A total of 2,700 largemouth bass have been placed in 37 farm ponds in Adams County. Richard Long of the Adams County Soil Conservation District staff announced today.

He said the fish were secured from the federal fish hatchery at Lamar, Pa., and that the hatchery will furnish 27,000 blue gill sunfish to be placed in the 37 ponds early in September.

Long said the recommendation of the hatchery was that the 27 acres of farm ponds be fished extensively in order to keep the fish population in balance and assure that the fish will grow large. Small fish in farm ponds means that insufficient fishing is taking place, and as a result the available food supply does not permit development of large fish, Long said he was informed.

## List Stocked Ponds

Farmers interested in stocking ponds and fish pond management are urged to contact the Soil Conservation Service.

The following ponds were stocked: near Littlestown, William Moon, H. L. Darmstadt and three ponds on the Hanover Shoe Farms; near New Oxford, Raymond Sneringer, Harvey Lockner and Conway Smith; near East Berlin, Lloyd Swope, John Bechtel and Lester Kime; near Bonneville, Loy Orndorff, John Klinefelter, Parr Atlee Breighner and J. Henry Kneller; near York Springs, Harold and Wayne Wolf and Everett Weiser; near Biglerville, Frederic Kuntz and James Oyle; at Seven Stars, John Kaufman; near Fairfield, Riley and Hull, Frank Bruner, Francis Timlin, Jerry Spence and Connie Larmer; near Gettysburg, David Rohrbaugh, Milton Hoffman, Donald Peters, Earl Buoh, S. D. Solomon, Lawrence Heltzel, Edgar Charles Rubenstein, Frank Culp, Norbert Klockner, Gettysburg Country Club, Gettysburg Construction Company and M. A. Herman.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
ONE HUNDRED YEARS AGO

The number of Dogs has increased to such an extent in our town, as to present a very considerable nuisance by day and night, and one which ought to be remedied by the authorities, either by taxation or the executioner. One of our citizens was severely bitten by one of these useless quadrupeds in a town like this, on Friday morning, whilst passing along the street. The animal, without the premonition of a bark, sunk his teeth into the leg of the individual and then fled from the wrath of the injured one. Such animals ought not to be tolerated in a decent community.

A very destructive freshet took place on Monday evening week in this region — the turnpike between this and Littlestown was literally torn up in many places. — Three bridges and several culverts were swept away or rendered impassable. The stone bridge near Littlestown was totally swept down and many of the large stones deposited in a meadow many rods away. Roth's mill-dam on Conowago was very much injured, and about 12 feet of the mill-dam at Horner's mill on Rock Creek were carried away.

The Fourth was ushered in, as customary, by ringing of bells, firing of cannon, musketry, and the never-forgotten noise and confusion. The "Blues" and one of the bands left at 6 o'clock from York, and other parties to different parts of the country. The town was very quiet during the day and there was an universal suspension of business. The most pleasing incident was an affair got up at the college which passed off very handsomely. There was a very large assemblage of ladies and gentlemen, and all were highly gratified with the very interesting celebration.

**SEVENTY-FIVE YEARS AGO**  
Veteran Re-unions And Dedication Of Monuments: Last week was a very lively one in our usually quiet town. As announced in the "Star and Sentinel" two weeks ago, the veterans of the 14th and 17th Connecticut, 124th New York, 27th and 153rd Pennsylvania had arranged to put up and dedicate monuments on the battlefield in memory of their fallen comrades.

The visitors, with ladies and friends, numbered over six hundred, and made a most favorable impression on our people during their three days stay among us. The 124th N. Y. V. were accompanied by the Warwick Cornet Band. The New Oxford band was engaged by the 17th and with both bands the town was quite lively until midnight.

The veterans were received at the depot by Corporal Skelly Post G.A.R. and a large crowd of citizens, the Post cannon firing salutes. The dedicatory services of the several regiments extended through the 1st, 2nd and 3d and were very interesting. We regret that we do not have the space to give a full report of the exercises.

**Local Items:** The canning factory at Littlestown has resumed work for the season. Levi T. Mehring, of Littlestown, while getting down from his hay-mow, fell and fractured his right arm.

William Stover, of this place, brings a corn cob through which a potato stalk had grown, with a full developed potato at the opposite end about an inch in size. Jos. A. Ocker, of Littlestown, sold his bay trotting colt, "J.A.O." four years old, to Fiss & Doerr, of New York City, for \$2,500. The colt showed a gait of 2:32.

P. D. W. Hankey, Esq., of Oak Dale farm, Cumberland township, sends us some clover stalks growing in his wheat that measure 3 feet 7 inches. He sowed the clover last fall with the wheat. Mrs. E. Scott, of this place, brings us a very large lemon grown on her lemon-tree. It measures 13 inches in circumference and weighs 18½ ounces. The tree is for sale.

## Today's Talk

**NO SUBSTITUTE FOR WORK**  
All useful work is important, no matter what it happens to be. First it must be useful. And if that work makes you happy, the rest doesn't count. Work should so stimulate as to make the worker happy and proud of his selection.

We do top service only when we work at something in which we are greatly interested. We must be like gardens that silently give out both beauty and perfume. Work does its best when it is dedicated to practice originated in the soul. We must be units of helpfulness and inspiration. Then we will constantly be giving out dividends. The physical and spiritual become as one great project.

Work keeps revealing something new to us about ourselves. We are stirred to new enterprises. We actually discover ourselves. Had there been a substitute for work, you may be sure it would have been discovered long ago. Our vision is spread out when we get happily located and work for the joy of work. Work does many a self service. It helps to keep us in robust health.

There is no substitute for work. You must learn its power early in life, and never depart from its building power. Work has been the means of comforting those in sorrow, and helping those discouraged. Work is the great pacifier of the mind and a steady staff of life. Make work your servant, not your slave! Every worker is an example to others. How full of pride we should all be to know that we keep distributing ourselves. Workers are the ones who build this world!

## Just Folks

**A BASEBALL REFLECTION**  
The fans who quit a while ago  
Are in the stands again;  
The men who cried: "We have no show!"  
Our bench is awful! when  
They dropped a game or two,  
Now wildly shout and dance  
And think they'll see a pennant  
soon.  
The Tigers have a chance!

The Tigers have a chance to win.  
There is no doubt of that;  
A while ago 'twas rather thin;  
The fans all thought it flat.  
And now I wonder as I see  
The mobs that cheer each hit,  
How great the Tigers' chance  
would be

If they had also quit?

Rev. Charles S. Albert, recently elected President of Pennsylvania College, has declined the call. An adjourned meeting of the Board will be held to fill the vacancy. Special services were held in the Catholic church, Harrisburg, on Thursday in celebration of the 25th anniversary of the ordination of Bishop Shanahan. A number of Catholic prelates participated including Revs. J. Boll of this place and J. J. Gormley of Bonneauville.

**Accident:** A painful accident occurred on the Fourth. When the cannons were returning from the Round Top Park with the little Post cannon, they fired it from the car. Whilst in the act of touching it off the car gave a sudden jolt and threw Mr. Riggs' face over the touch hole. His face and eye-lids were seriously burned.

## INDIANS, TRIBE LED ON FOURTH

By THE ASSOCIATED PRESS  
Cleveland was the American League leader on July 4 and in case you missed it, San Francisco led the National League pennant race.

Cleveland's still first in the AL, by two games over the Chicago White Sox. But San Francisco's spurt sputtered like a spent skyrocket and the Giants slipped to second Sunday, July 5.

It was the 10th July 4 lead for Cleveland. The Indians also led on July 4, 1954, and in 1948—both pennant years for the Tribe. But they fizzled the other seven times they were on top on Independence Day.

The Giants' brief stay marked the 17th time they've been first on July 4. They went on to win the pennant in 10 seasons. Their most recent July 4-to-pennant success was in 1954—when they swept Cleveland in the World Series.

## TITLE FIGHTS SCHEDULED THIS WEEK

By MURRAY ROSE

Armchair boxing fans get a break this week with two world title fights scheduled to be televised into their living rooms. Bantamweight champion Alphonse Halimi of France and welterweight ruler Don Jordan of Los Angeles risk their crowns on the West Coast. Both are favored.

Halimi is a 2-1 favorite to beat Mexico's Joe Becerra in their 15-rounder at Los Angeles new \$60,000 sports arena Wednesday night—ABC-TV, 9 p.m. EST. Jordan is a 9-5 choice to beat back the challenge of Denny Moyer, unbeaten, 19-year-old contender, in Moyer's hometown of Portland, Ore., Friday night—NBC radio-TV 9 p.m., EST.

**\$65,000 Guarantee**  
The 27-year-old Frenchman is getting a \$65,000 guarantee for his first title defense in nearly two years. His record is 27-1 including 15 knockouts.

Becerra, 23, has swept his last 15 fights, 11 by knockouts. Now the No. 1 contender, his record is 32-2-1, including 20 kayos. Jordan, 25, is getting a \$70,000 guarantee for his second defense of the year. He trounced ex-champ Virgil Atkins in their return scrap at St. Louis April 24. Jordan's record is 45-11, including 15 kayos. Moyer, son of a fighter and from a fighting family, has a 20-0 record, including 6 kayos. He is ranked second by Ring and fifth by the NBA.

## BRAVES POUND PHILLIES 5-0

PHILADELPHIA (AP)—The Philadelphia Phillies continue to be the most whitewashed team in the National League. Impotent at the plate, sloppy in the field, the Phillies were blanked for the 10th time this season Sunday, losing 5-0 to first-place Milwaukee.

Braves righthander Carlton Willey gave up only four hits as 9-766 fans at Connie Mack Stadium—a comparatively small crowd for a holiday weekend Sunday—watched the zeros affixed to the Phillies' linescore.

Gene Conley, who pitched a shut-out himself in his last outing, was hit hard and often, giving up 13 of the 14 hits before he retired for a pinchhitter in the 8th. His record is now 6-5.

Willey, now 4-6, walked four Phils but wasn't really in any serious trouble. Philadelphia got a man as far as third only in the ninth.

There were six doubles in the game, five of them by Milwaukee batters. Richie Ashburn came through with a two-bagger for the Phils in the sixth. He also singled to collect half of the Philadelphia hits.

GASTONIA, N.C. (AP)—The Columbus (Ga.) Pirates officially become the Gastonia Pirates tonight, hoping to do as well in the standings but better at the gate than they did in Columbus. The Columbus Pirates led the Class A South Atlantic League, but averaged only 850 fans at home games.

JUNCTION CITY, Kan. (AP)—Driver Gene Hodine of Salina, Kan., was killed Sunday night in a smashup of six stock cars at the Plaza Speedway Race Track. It was the first fatality since the track opened three years ago.

## Betsy Rawls Is Heavy Favorite

FRENCH LICK, Ind. (AP)—Betsy Rawls of Spartanburg, S.C., was a heavy favorite today to win her sixth Ladies Professional Golf Assn. Tournament of the season.

Miss Rawls, the season's leading LPGA money winner, started the final 18 holes with a four-stroke lead over Joyce Ziske of Milwaukee.

Rain Sunday forced a postponement of the closing round. The 31-year-old Miss Rawls had a 54-hole total of 213, while Miss Ziske had 217. Next came Patty Berg of West Chicago, Ill., and Louise Suggs of Cincinnati, with 219.

Miss Rawls had just carded a par five on her first hole Sunday when a light shower turned into a downpour. Later, the rules committee decided the greens were unplayable. All partial scores were canceled.

## O'BRIEN HEADS U. S. ENTRIES IN CHARITY MEET

Parry O'Brien, Olympic shot-put champion and one of 11 USA individual winners against the USSR at Moscow last summer, will strive for a double in the return international match to be held at Franklin Field, Philadelphia, July 18-19.

The former Southern California weightman defends his international honors in the shot-put and will also go for the discus throw this year. After wrapping up his seventh National AAU shot-put diadem, the following day he landed the second spot in the discus behind Olympic champion Al Oerter, Babylon, N. Y., with a toss of 180 feet 9½ inches. That O'Brien will be a definite threat to cop two events against the Russians in the meet sponsored by Philadelphia Inquirer Charities and the AAU was amply demonstrated in Helsinki Monday. Parry won the discus in the international invitation meet in the Olympic stadium with a performance of 185 feet 1 inch.

**Top Russian**  
At Moscow Rink Babka's winning throw was 187 feet with Oerter trailing in second place three feet behind. Vladimir Trusev, best of the Russian discus throwers, spun the platter 171 feet 4 inches with Kim Bukhantsev in fourth, 167 feet 4½ inches.

O'Brien will be one of two USA representatives appearing in two individual events. Ray Norton, speedster from San Jose State, captured both the 100 and 200 meter sprint titles and is also expected to run on the 400 meter relay team.

O'Brien has earned the respect of track and field athletes the world over with his performances in important meets as well as the special clinics he has held when traveling in foreign lands.

The 27-year old California bank executive has compiled a fantastic record in the shot-put starting championships in 1952 and 1953 and then moving up to the National AAU where he has reigned since 1951 except for 1956 and 1957.

## Eastern League

There is only one change in the Eastern League standings today: Lancaster climbed over Binghamton into fifth place, the result of a come-from-behind ninth inning rally.

Williamsport retained its 3½ game first place bulge over Allentown as both clubs won Sunday. Each gained, however, on third place Springfield which lost 9-8 to Lancaster, while Reading tightened its grip on fourth.

Williamsport pummeled York 10-4; Allentown banged out 17 hits to swamp last-place Albany 16-5, and Reading routed Binghamton 11-4.

All the drama was at Lancaster. Mo Mohardt, a newcomer to the league, bounced a ground-rule double over the right-centerfield fence with the bases loaded to give the Red Roses the triumph. Winner was Fred Burdette (5-6), the last of four Lancaster hurlers. The loss was charged to reliever Vic Davis who faced only two batters in the ninth.

**Tonight's Schedule**  
Springfield at Albany  
Binghamton at Williamsport  
York at Reading  
Allentown at Lancaster

**Sunday's Results**  
Allentown 16 Albany 5  
Lancaster 9 Springfield 8

## 4 FAVORITES IN WOMEN'S OPEN

CHICAGO (AP)—A "fearsome foursome" of favorites heads a field of 150 in the 59th annual Women's Western Amateur Golf Tournament opening today. Installed as top choices are Judy Eller of Old Hickory, Tenn., 18-year-old winner of the Southern Amateur and the Intercollegiate this year as a student at Miami (Fla.); and 1958 Curtis Cup stars Joanne Gunderson of Seattle, 20, 1957 national titlist; defending champion Barbara McIntire, 24, Jupiter, Fla.; and Anne Quast, 21, Everett, Wash., winner of the 1958 national crown and runner-up in the Western.

The luck of the draw today after an 18-hole qualifying session will determine the brackets for these four favorites. Thirty-two low scorers will be paired for first round of match play starting Tuesday, leading to the 36-hole finals Saturday.

The 27-year old California bank executive has compiled a fantastic record in the shot-put starting championships in 1952 and 1953 and then moving up to the National AAU where he has reigned since 1951 except for 1956 and 1957.

## REPORTS OFFER OF CASH FOR NEW TRIPLETS

SOUTHPORT, N. C. (AP)—"Who would think I would ever allow my children to be sold?"

Nathan B. Miller, 25-a-week farmhand, shook his head in amazement as he described a reported offer for the newborn triplet girls he may offer for adoption to give them a better chance in life.

The 35-year-old father, who has three other children, said an unidentified long distance telephone caller promised him the money. Miller, who is hard of hearing, said: "I believe he said \$50,000 each, but it may have been \$5,000. I may be poor, but nothing would make me part with any of my family for money. I think the offer was an insult."

**Couldn't Consider 'Em**  
His 35-year-old wife agreed. "We couldn't possibly consider offers like these. I hope we get no more," she said.

The parents plan to decide today whether to offer 10-day-old Glenda, Brenda and Linda for adoption. They also will decide whether to accept any of the scores of offers of financial and job help that have come to the family.

## NCAA Grid Guides Are Now Available

This may be the year they really "put the foot back in football," as a result of the wider goal posts and liberalized substitution rule.

So, at least, thinks Paul Zimmerman, Los Angeles Times sports editor and president of the Football Writers Association of America, who previews the national collegiate grid scene in the 68th annual Official NCAA Football Guide.

Zimmerman visualizes a return of the specialist, with the new rule permitting one free substitution while the clock is stopped, and suggests "with the target enlarged, teams will be going for the field goal even more than the record 1958 outburst."

The Official Football Guide is not newsstand distributed, but is available locally at Gettysburg News and Sporting Goods, Gettysburg, official headquarters here for collegiate sports publications.

## JERSEY DRIVER WINS MIDGET RACE AT GROVE

HARRISBURG (AP)—The lead changed hands seven times before Fred (Jiggs) Peters of Plainfield, N. J., sped to a 35-yard victory Sunday in a 100-lap national championship midget auto race at near-Williams Grove Speedway.

Several drivers who held the lead during the torrid grind on the half-mile oval were forced out by mechanical troubles or spinouts.

Ernie McCoy of Reading, who appeared headed for certain victory, ran out of fuel on the 81st lap.

**Only Half Finish**  
Peters, outlasting some of the nation's top drivers, was able to open his narrow margin on the final five laps, finishing ahead of Len Duncan of Philadelphia. In third place, only 100 yards behind, was Bill Homeier of Burbank, Calif.

No time was kept as the race was slowed five times to clear the track of stalled cars. Only 12 of the 24 starters were able to make it across the finish line.

Following the three leaders were Jimmy Davis, Paconia, Calif.; Bobby Marshman, Yerkas, Pa.; Tony Bonadies, Bronx, N. Y.; Russ Klar, Lynnbrook, L. I.; Gig Stephens, Reading, Mass.; Al Herman, Allentown, Pa.; Hal Horan, Baltimore, Md.; Don Wood, Syracuse, N. Y.; and Jim Schaeffer, New Castle, Pa.

## 11,400 County Cows Yield 76,360,000 Pounds Of Milk

With one cow for every four Adams County citizens, the county's dairy industry plays a major role in strengthening the county economy. Over three and a half million dollars worth of milk was produced by Adams County dairy farmers, according to the Pennsylvania Bureau of Crop Reporting. The bureau pegged the county milk income at \$3,681,000.

The area's milk income was disclosed by Robert C. McKinley, chairman of the 1959 Pennsylvania June Dairy Month Committee, as he paid tribute to the state's giant dairy industry. McKinley is also general manager of Dairy Council Inc., of Philadelphia.

"Pennsylvania is one of the largest milk producing areas in the world," stated McKinley. "We rank fifth in the nation in value of milk. Last year, the Commonwealth's dairy farmers produced milk valued at 326 million dollars."

**76,360,000 Pounds Of Milk**  
McKinley said that in Adams County, 11,400 cows were milked each day in 1958, yielding 76,360,000 pounds of milk. (Milk is measured in pounds except to the customer). Adams County dairy farmers received \$4.82 per hundred pound of milk, a higher price than the national average price of \$4.12, according to the Pennsylvania State Crop Reporting Service.

"The dairy cow has been with Pennsylvanians for a long time," observed McKinley. "But not until the early 1800's did dairying become a major commercial enterprise. Today the state's cow population numbers around 930,000. Two counties, Susquehanna and Wayne, have more cows than people! And many counties boast a larger cow population than the population of their major cities. Even Philadelphia, the state's largest urban center, has within its boundaries 200 dairy cows!"

**Leading Counties**  
McKinley added that eight Pennsylvania counties are among the county's 100 leading counties in volume of milk produced. Lancaster County ranked 11th, followed by Bradford at 33rd, Chester 54th, Susquehanna 64th, Berks 70th, Wayne 82nd, Franklin 95th, and Crawford 98th.

"In Pennsylvania, long famed for coal and steel industries, dairying has grown until it is probably the largest single industry in the state. Last year, milk's income doubled that of coal. And despite the recession, dairying added over 326 million dollars to the local economy. In all, \$326,436,000 worth of milk was produced in the Quaker State in 1958," said McKinley.

## Sammy Kaye Plays Hershey July 11

**HERSHEY, Pa.**—Enthusiasts of the swing and sway style of Sammy Kaye and his orchestra will have the opportunity to see and hear the popular maestro again at Hershey Park's Starlight Ballroom this summer. George W. Bartels, ballroom manager, announced that the band has been booked for Saturday, July 11. Dancing begins at 8:30 p.m. and continues until 12:30 a.m.

The Sammy Kaye style of music began while Kaye was a student at Ohio University. To finance his education, he organized his own band to play college dances and proms. His undergraduate rhythm makers soon became so popular with the student body that Sammy opened the "Varsity Inn" as a campus dine-and-dance spot where his own music was featured. Following graduation, Kaye kept his crew together and plunged into the entertainment world for keeps. Whistle stops soon led to comparatively choice location spots from which radio networks did remotes and the Kaye rhythm became familiar to pop music fans throughout the land.

Dec. 26 and run concurrent with the snowshoe rabbit season. The turkey season will be closed in Adams, Cumberland, Perry and York counties and the part of Franklin County south and east of U. S. 11.

Bag limits for nearly all game will be the same as in previous years. For deer, the limit is one per hunter for all seasons. The limit is one bear per season. The pheasant limit is two per day and eight for a season, while rabbits are four per day and 20 per season.

The rabbit season will reopen

## SCRIBE SAYS STAY IN BED, LIVE LONGER

**By HAL BOYLE**  
**NEW YORK (AP)**—Curbstone comments of a Pavement Plato: Mankind's hardest industry is getting out of bed every morning. It is the greatest test of the human will.

Civilization only makes the problem worse. In caveman days, a man got out of bed for only one reason—he was hungry. It made sense for him to arise rather than lie there and starve.

But today everybody is on a diet. It is fashionable to starve. Therefore it makes more sense to stay in bed. Why starve on your feet when you can starve comfortably lying down?

**Worst Demand**  
The worst demand of civilization is that a man get out of bed every morning—or at least five days a week—at the same hour. It is inhuman and unnatural. Can you name any other animal in nature that gets up every day at the same time?

Bears don't. Tigers don't. Rats don't. Mice won't. Even at a racetrack the starter is unable to wake up all the horses at the same moment—particularly the horse you have bet on.

Man's normal attitude toward a bed is very simple. It is the last thing he wants to go to at night—and the last thing he wants to leave in the morning. He fights sleep as long as he can. But once he surrenders, he surrenders all the way.

**Test Of Character**  
Now and then you hear a fellow brag about how he likes to leap out of bed, nimble and clear-

eyed, eager to greet the rising sun and meet the fresh challenges of another day. I always feel a bit sad when I go to these fellows' funerals later—cut off, as they so often are, in the very prime of life.

Getting out of bed is a real test of character. Obviously, anybody who can jump easily and merrily out of bed has no character. And that's what eventually mows them down in the stern strain of living—lack of character. Also lack of strength. They wear out all their strength leaping out of bed in the morning. By noon they are hollow-eyed. By 50 they are dead, and unmourned.

## SAY JEWISH POPULATION IS DWINDLING

**By TOM HENSHAW**  
The Jewish population of the United States has risen to an estimated 5,260,000 yet there is evidence that it "is not keeping pace with the general population."

The figures are from the 1959 edition of the American Jewish Year Book, published last week by the American Jewish Committee and the Jewish Publication Society of America.

Some anxiety is expressed over the facts that (1) the average Jew is older than his Gentile fellow citizen and (2) the average Jewish wife is bearing less children than her Gentile counterpart.

The year book's figures are adapted from the U.S. Bureau of Census report on population characteristics, released in 1958 which included a religious question for the first time.

They show that:

More than half (52.5 per cent)

## COMEDY OPENS AT ALLENBERRY

"Time Remembered," the romantic comedy in which Helen Hayes registered one of her greatest Broadway performances, will be the next offering at the Allenberry Playhouse in Boiling Springs, Pa. It is the story of a young prince who, through the intrigues of his Duchess aunt, comes to love a simple Parisian milliner.

Starring in the role of the understanding and resourceful Duchess will be Bettie Endrizzi. Now in her ninth season with the playhouse she has created over one hundred parts.

The average Jewish woman in the 15 to 44 age grouping has 1.74 children while Roman Catholic women in the same age bracket have 2.28 and Protestants 2.22.

A year ago April, Arthur Jacobs of the Union of American Hebrew Congregations estimated that at the current rate only 2.2 out of every 100 Americans would be Jewish in 1975. The current ratio is 3.4.

The year book also comes up with these statistics on Judaism: The United States, with 5,260,000, is home for nearly half the world's estimated 12 million Jews. The Soviet Union has some two million and Israel is third with 1,780,000.

Jews are much less likely to contract an interfaith marriage than are Roman Catholics and Protestants. Nearly 93 per cent of Jews marry within their faith. For Protestants the figure is 91 per cent and for Catholics 79 per cent.

Featured in the roles of the young milliner and the handsome prince will be Allenberry's leading players, Katherine Lurker and Robert Hogan, who have already appeared successfully together this season in "Tunnel of Love," "Drink To Me Only," and "Maybe Tuesday."

The play opens tonight and continues through Saturday, July 18, with evening performances Monday through Friday at 8:30 p.m. and matinees on Wednesdays at 2 p.m. On Saturdays there will be special "Twilight Shows" at 6:30 p.m. Followed by late show at 9:15 p.m. There will be no Saturday matinees.
